

Horse Summer Camp

Our very popular summer riding camp program is once again in demand at the Portuguese Bend Riding Club. We welcome participants from all communities to come and take part in our unique summer program From June through August. Children ages 7 and up will spend three hours a day, Monday through Thursday, learning to ride and care for our horses at the stable. Children will spend a lot of time riding and learning the basics, which they will demonstrate in a horse show on their last day! Each student is provided with a workbook containing important information on horse safety, horse anatomy, tack, puzzles and other fun games.

We also have our special tots' camp for younger children 3 to 6 years of age. Check the schedule for specific camp sessions reserved to accommodate the needs of our "little riders". Please note that a minimum participation of four campers is required for the tots' camp to take place.

If you would like to secure a spot for your child/children, please visit our website **calliebell.com** for current pricing, availability and additional information. We also offer PayPal for added convenience.
